• Sells Open

• Wow, here is a female that can be called both stout and fancy! She is sired by Plainview Lutton, a very popular EXAR Lutton son that produces exceptional breeding pieces and calves that have the "look". Plainview Lutton semen is almost impossible to find and if tracked down, is priced very high. The dam featured here in this pedigree is a foundation female and top producing donor at Pheasant Trek. Her last flush brought 30 grade 1 embryos and she always breeds back the first time. There's power in the phenotype and pedigree of this female and whether you make her a replacement or show her, she will only bring you success.
