5000 to Mark Elworthy Ranches, Willows, CA

A very active crowd of past and new customers gathered for the 2nd Annual Eagle Pass Ranch sale in California. The 84 bulls offered were very well conditioned and sold to buyers from three states. Steve Munger and Family of Eagle Pass Ranch in South Dakota must be commended on doing a super job with their residual feed intake data, performance information and docility scores on all the bulls selling. The Dos Palos Y Auction was the host facility for this event and drew a strong array of local producers. Indeed a job well done by all involved
