New for 2014 – Stalls

All exhibitors will receive the exact number of stalls as to the number of head entered. If additional stalls (4ft wide) are wanted they will be available for \$50 per stall on your entry form. For example; if you enter 6 head you will receive only 6 stalls in the arena. If you bring six head and only have 6 stalls then you will need to figure out how to make your space work. If you bring 6 head and want additional stall space for tack or to spread your entries out, only if the space is available, you will need to pay \$50 per additional stall space you want at time of entry. If you enter 6 head and do not pay for additional stall space at time of entry and upon arrival you want additional stall space other than the 6 stalls allotted to you then a fee of \$50 per additional stall will be assessed and deducted from your premiums. (Only if available, as space maybe limited, staff will do it's best to accommodate but there are no guarantees!) Plan your requests for stalls **before** you arrive, not after.

The arena stall assignments will be in your exhibitor packet given to each exhibitor when they check into the office. We will do our best to honor your requests to be stalled by or near another exhibitor. Once the barn chart assignments have been made there will be no changes allowed. The tie-out stalls will be assigned when you arrive. There are no additional fees for tie out spots other than the per head charge by the fairgrounds. If you have any questions or requests, they must be received in the WNAF Office by 4/11/2014.
