**This 2014 event was held the day after a heavy snow fall in southern Idaho, Utah, Nevada & Wyoming. The storm kept many folks away due to roads and feeding conditions. The sale started with the make a wish donation bull donated by Kyle Bratton of Bratton Angus, Caldwell, ID. A large group went together for the Syndicate that purchased the bull for \$14,000. Another \$1500 was donated from the crowd and then the bull sold at auction to BYU, David Andreason out of Declo, ID for \$2000 for a total of \$17,500 gathered for the Make a Wish Idaho foundation. Cattle sold to 25 buyers from two states. A very successful event considering all of the elements. All the consignors must be congratulated on a job well done.**
